

Empowering Financial Freedom Across Borders

Driving seamless digital payments in
emerging markets

GIGX Technologies

Who We Are

About GIGX Technologies

Founded in 2021, GIGX Technologies Inc. is an innovative financial technology company headquartered in Canada, with active operations in Nigeria and Zambia. As a trusted partner in the financial services industry, GIGX combines regulatory expertise, advanced technology, and deep market knowledge to bring affordable, secure, and efficient digital financial solutions to underserved communities. Backed by Techstars and The Greatman Legend, our vision is to reshape the financial landscape for emerging economies.

Our Reach

With licenses in Canada, Nigeria, and Zambia, and a robust network of financial partners, we are positioned to deliver digital payment solutions that cater to a global audience.

We have successfully facilitated over \$100m in payments and remittances in the past 12 months. We are trusted by Financial partners, businesses, companies and individuals as a result of our dexterity in the market.

What we Offer

GIGX offers a comprehensive range of digital financial services designed to address complex challenges in underserved regions, making transactions easy, fast, and secure.

GIGXOTC key offerings

<div></div> <div><h3>Payment Solutions</h3><p>XPAD provides customizable solutions that include a suite of APIs and tools for seamless integration, designed to simplify complex financial processes for emerging markets.</p></div>	<div></div> <div><h3>Remittance and Settlements</h3><p>With GIGXOTC, cross-border transfers become fast, affordable, and secure, offering a cost-effective solution for users needing to send or receive money across borders.</p></div>

Our Model

GIGX's customer-focused approach ensures we provide digital payment solutions that adapt to the unique needs of emerging economies.

Efficiency

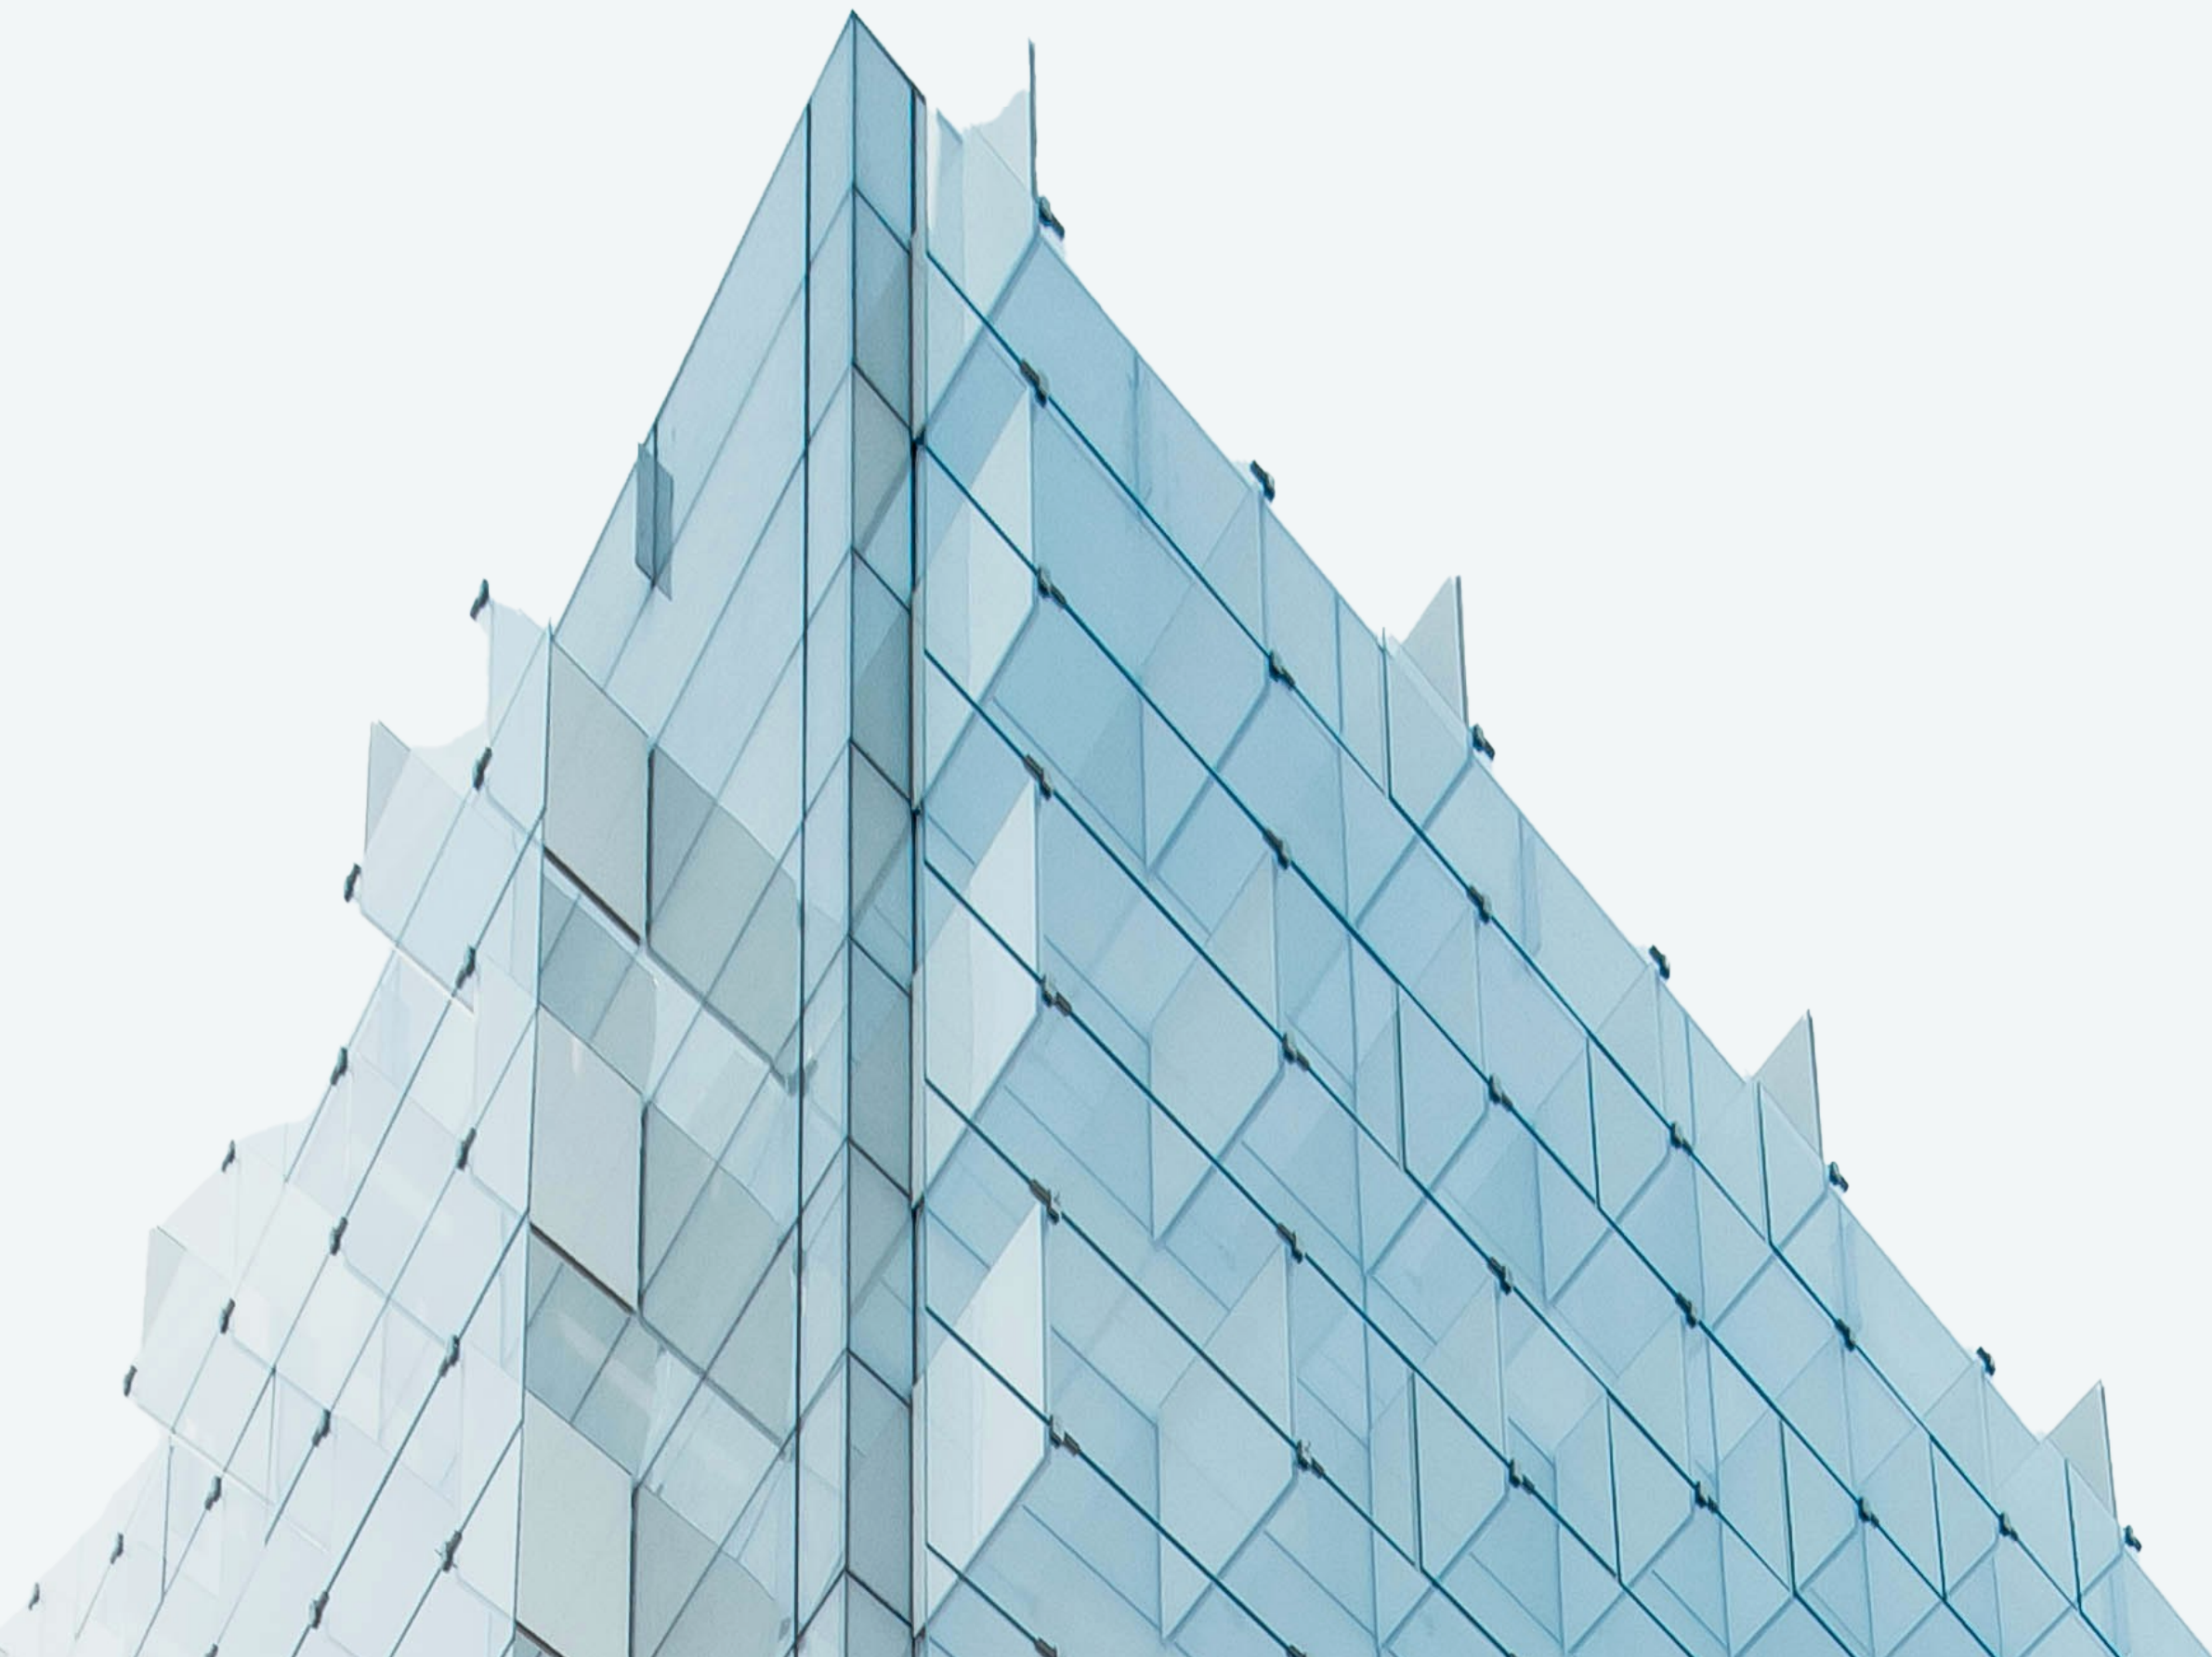

Our cutting-edge technology reduces transaction times, making payments faster and more convenient.

Affordability

Transparent, competitive pricing ensures that our customers benefit from premium financial services without the burden of excessive fees.

Security

Our infrastructure is built on robust, ISO-certified security standards, ensuring every transaction is safeguarded, giving customers peace of mind in every interaction.

Achievements & Strategic Partnerships Key Milestones

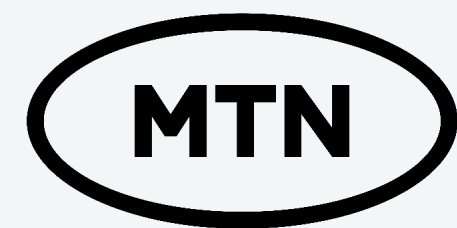

In the last year alone, GIGX has processed over \$100 million USD in transactions, a testament to our rapid growth and the trust our customers place in us.

Clients

We have exemplified ourselves with professional qualities in our service delivery and have partnered with the following entities, and look forward to working you as well.

Our partnership with MTN allows us to expand Mobile Money solutions to Zambian merchants, enabling convenient, secure payment options across various sectors, including e-commerce, hospitality, and logistics. Together, we empower merchants to serve a wider customer base through streamlined digital payment systems

Why GIGX? Our Value Proposition

Unmatched Market Knowledge

With a deep understanding of emerging markets, we offer solutions that are culturally and economically tailored to each region.

Bespoke Solutions for Diverse Industries

Whether it's fintech, logistics, or retail, we design solutions to meet the specific needs of each industry, offering unparalleled adaptability and growth potential.

Multi-Channel Payment Solutions

Through our seamless multi-channel platform, we provide versatile methods for both collections and payouts, helping businesses operate efficiently across borders.

Transparent Pricing

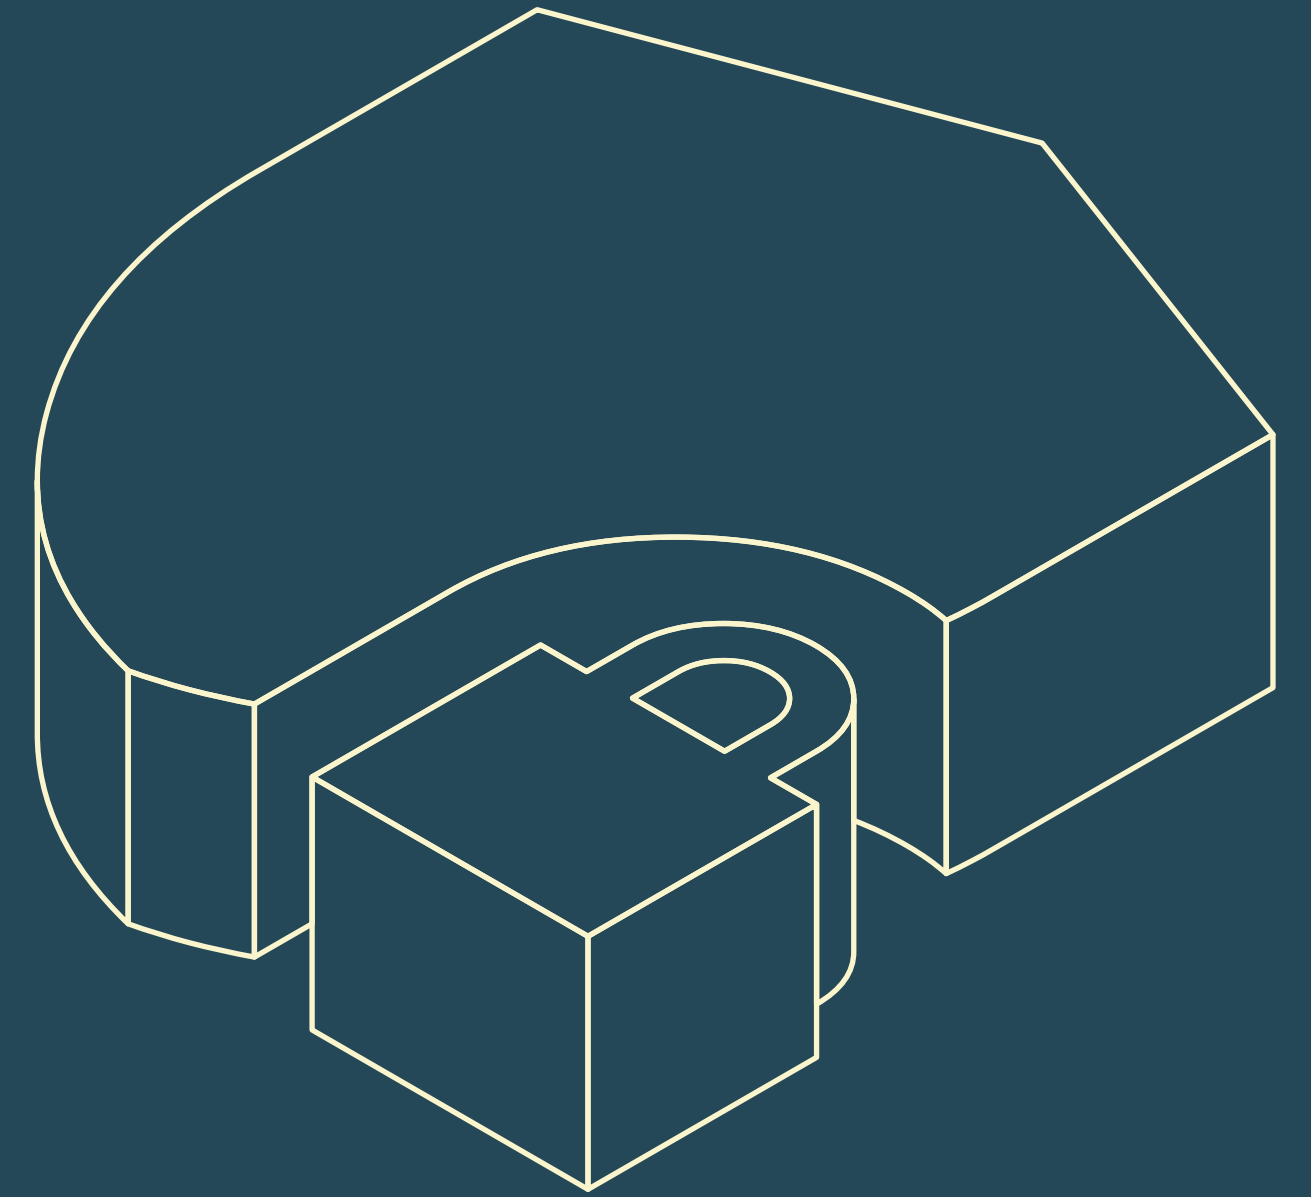

Our volume-based pricing model is designed to keep costs low, enabling businesses to grow without being hindered by transaction fees.

Compliance, Standards, and Security

Regulatory Compliance

GIGX adheres to rigorous regulatory standards, including ISO 27001 and PCIDSS certification, ensuring the highest levels of data privacy and security.

Due Diligence

We implement pre-onboarding checks and continuous screening to uphold the integrity of our network.

Client Onboarding

Pre-screening and ongoing due diligence to uphold the integrity of our network

Data Security

Our compliance measures include routine vulnerability testing, governance protocols, and advanced data storage safeguards, providing unmatched security for both businesses and individuals.
